**ACALYPHA.**

Marginata—Fine foliage plant; dark olive, margined rose. Stands up well in dry and hot weather. \$4.00 per 100.

Triumphans—Very bright, ovate pointed leaves, light red shaded and marbled darker. \$4.00 per 100.

Miltonia—Beautifully variegated foliage, green and white. Very effective bedding plant. \$4.00 per 100.

ALAMANDA WILLIAMSII.

A dwarf or bush variety of this old favorite house plant. Of dwarf, compact shape, with large trusses of flowers at the tip of every branch; each flower 3 to 3½ inches across. Color, rich golden yellow; very fragrant. \$5.00 per 100.

ANTHERICUM VIVATUM VARIEGATUM.

2½-inch pot plants \$3.00 per 100.

AGERATUMS.

Stella Gurney—One of the grandest little bedding plants in cultivation; a mass of bloom the whole season through. Dwarf, compact grower; very satisfactory as a border plant or for bedding by itself. \$3.00 per 100.

Princess Pauline—A distinct and useful variety, rarely exceeding six inches in height. Its peculiarity is that both colors, blue and white, are combined in the same flower. The body of flower is white, with light blue stamens.

Cannell's Dwarf—Very dwarf, bright lavender blue. White Cap—Pure white.

Unless noted, \$2.50 per 100.

ACHYRANTHUS.

There are no better foliage plants for bedding than Achyranthus. They stand drought and sun much better than Coleus and are more easily kept shapely while the foliage is always brilliant and clean.

Brilliantissima—Leaves and stems of a beautiful ruby red.

Biemulieri—Dark metallic red foliage, shaded carmine.

McNally—Very attractive, golden yellow-veined green.

Emersonii—Leaves lance-shaped, fine bright red. \$3.00 per 100.

ALTERNANTHERA.

Rosea Nana and Parychoides Major, \$2.50 per 100.

BEGONIAS—FLOWERING.**THREE DOUBLE FLOWERED BEGONIAS.**

The three varieties of double flowered Semperflorens Begonia we offer are very vigorous in growth and bloom with greatest freedom whether grown in pots or used for summer bedding. Flowers perfectly double, very unique and attractive.

Boule de Nieve—Pure white, with yellow stamens; a handsome flower, large and full. \$1.00 per doz.

Glorie de Monet—Very free bloomer, perfectly double; bright carmine changing to clear pink at center of flower. \$1.00 per doz.

Triumph de Lorraine—Flower perfectly double, with nicely imbricated petals, color brightest scarlet, changing to cherry carmine when fully opened. \$1.00 per doz.

THREE NEW FRENCH BEGONIAS.

The following three varieties are somewhat similar in habit of growth, being very vigorous and upright. Make beautiful specimen pot plants; of the type of Begonia Fuchoides.

Profusion—Flowers bright pink, produced evenly all over the plant. One of the finest for house or summer bedding. \$1.00 per doz.

Fournaise—Flowers produced in long drooping panicles, bright red. \$1.00 per doz.

Vesuve—One of the most effective when grown up into large plants. Flowers bright coral red in good sized clusters. \$1.00 per doz.

TRAILING BEGONIA MARJORIE DAW.

For single specimen pot plants, or for baskets and vases, "Majorie Daw" is proving one of the best plant introductions in years. Foliage, bright shiny green, of the "Angel-Wing" type, nearly the same in size as foliage of Rubra. Flowers beautiful salmon-pink in long drooping clusters. Strong trailing or climbing habit of growth. \$6.00 per 100.

GENERAL COLLECTION FLOWERING BEGONIAS.

Erfordia—One of the most prolific bloomers, continually covered with clusters of its delicate rosy salmon flowers. \$3.00 per 100.

Otto Hacker—The finest of its type, both in foliage and flower. Its leaves are shiny velvety green, at times slightly spotted white. Flowers produced in immense pendant clusters 8 to 10 inches across. Color, bright coral red, changing to satiny rose. \$6.00 per 100.

Purity—The most prolific bloomer of all the white Begonias, being a mass of bloom both summer and winter. \$4.00 per 100.

Rubra—Flowers rich coral red, in large pendant panicles. One of the best. \$4.00 per 100.

Viandii—A charming Begonia; a cross between Duchartrei and Pictaviensis. Flowers delicate rose, set off with reddish hairs, forming a large flower cluster held up by stout shaggy stems. \$1.00 per doz.

NEW CARNATIONS.

Originators' descriptions. Prices are for rooted cuttings, but will be supplied from pots as soon as rooted cuttings are used up and plants are established in pots.

Cressbrook (C. Warburton.)—Made the highest score at the Baltimore meeting of the American Carnation Society, reaching 94 points. It is a seedling from Bradt and Scott. Bright pink, flower 3 to 3½ inches in diameter; stem strong and wiry; a fine grower, and has no surplus foliage. Mr. Warburton, the raiser, says he has yet to see the first bursted calyx. This promises to prove a "leader" for 1902, and has the endorsement of many prominent Carnation growers who have seen it growing and blooming. \$3.00 for 25 plants; \$10.00 per 100; \$75.00 per 1,000 (500 at M rate.) Ready in January.

Mrs. E. A. Nelson (Nelson.)—A pure glistening pink similar to Francis Joost; always a popular shade. An early and continuous bloomer, under good cultivation having a stem 2 to 2½ feet high and strong enough to sustain its largest flowers. Flowers often reach a size of 3½ to 4 inches when well handled. One of the most promising Carnations in cultivation. \$10.00 per 100; \$80.00 per 1,000.

Gaiety (The E. G. Hill Co.)—We have grown Gaiety for three years, and are convinced that it will prove the most profitable and satisfactory of the Bradt type. It is a seedling of Bradt by Scott, scarlet and white variegated, has a stiff wiry stem, a perfect calyx, no surplus grass, and is a very easy doer; it is not susceptible to any of the Carnation diseases, and enjoys a temperature of about 50 degrees. It has attracted the attention of all visitors at our place, who have been much impressed by its valuable commercial qualities, for while the bloom is not quite so large as that of Bradt, the fact of its being less crowded with petals allows the flower to come to perfection in about half the time required by the former, while it is remarkable for the freedom and persistence of its production of bloom. We predict that Gaiety will prove one of the most profitable of standard sorts. Ready in February. \$10.00 per 100; \$75.00 per 1,000.

THE CREAM OF LAST YEAR'S INTRODUCTIONS. From 2¼-inch pots.

Prosperity—An extra large fancy flowered; purest white, overlaid with pink mottles, deepening toward the center. Calyx strong, never bursting as the petals in developing spring out far enough before expanding. A splendid keeper and good shipper. \$5.00 per 100.

Lorna—Flowers pure white, three inches and over in size, very fragrant. Center well filled, rounding the flower to a most pleasing form. Comparing it to its parent, White Cloud, it shows decided improvement in more compact and stronger

growth, longer and stronger stem, larger flower with perfect calyx; better form, more pure white. \$5.00 per 100.

Governor Roosevelt—Flowers average fully three inches in diameter throughout the season. Color is deep brilliant scarlet, heavily shaded with maroon. In habit of growth resembles Gen. Maceo, but a far more vigorous grower with a longer and much stiffer stem, holding the flower perfectly erect. \$5.00 per 100.

Queen Louise—Flowers of good size, on long stiff stems. Blooms early, late and all the time, one of the most profitable white varieties; a clean healthy grower and persistent bloomer. A money maker for the ordinary grower. \$4.00 per 100.

California Gold—An excellent yellow variety, closely resembling Ethel Crocker in habit and healthy growth. It is by far the freest flowering variety of its color. Flower of good average size, on stiff, slender stems, golden yellow with soft red markings. \$2.50 per 100.

Dorothy—One of the best commercial pinks, having no equal as a paying variety of this color. It is a bright pure pink, about the shade of Scott, produced just as freely, and has no equal in keeping qualities. Flowers much larger than Scott, finely formed and nicely serrated; not an exhibition variety, but a money maker. \$5.00 per 100.

CARNATIONS.

GENERAL COLLECTION—2¼ in. Pot Plants.

America—Pure light scarlet of even shade, comes into bloom early and its strongest points are its freedom of bloom, large size and easy culture. Stems 20 to 24 inches. \$3.00 per 100.

Alma—A splendid broad, flat flowered commercial variety. Quite a distinct shade of deep rosy pink. \$3.00 per 100.

Ethel Crocker—Combines nicely all the requirements of a large flowered and free blooming "money-earner." Will produce more long stemmed, perfect flowers than any other variety. Color, pure pink, deeper and brighter than Scott. \$3.00 per 100.

Daybreak—Has paid more coal bills than any Carnation in cultivation. Still unequaled as a flesh colored. \$2.50 per 100.

Flora Hill—A favorite white variety; one that succeeds with almost everyone. As free blooming as any white. \$2.50 per 100.

Gen. Maceo—Very full deeply fringed flower 2½ to 2¾ inches in diameter. Ground color, deep brilliant scarlet heavily overlaid with maroon. \$3.00 per 100.

Genevieve Lord—A beautiful shade of pink, a trifle darker than Albertine. One of the strongest growers and most free blooming. \$2.50 per 100.

Mrs. Thos. W. Lawson—Deep cerise pink; an early bloomer and very free for so large a flower. Flowers average three inches in diameter, and habit of growth is remarkably vigorous. \$5.00 per 100.

G. H. CRANE.

G. H. Crane—The finest all round scarlet to date, of strong and vigorous habit of growth, making an endless number of cuttings. It is a large flowered sort, producing both quantity and quality. \$2.50 per 100.

Mrs. Frances Joost—Very early and free bright pink. A standard variety that nearly everyone continues to grow. \$2.50 per 100.

Mary Wood—An excellent fancy flowered sort that produces more flowers to the square foot of space than any of similar coloring we have yet seen. Pure white, nicely striped and mottled scarlet. Gives fine length of stem and good sized flower. \$2.50 per 100.

White Cloud—One of the standard whites; strong growing, free blooming, with long, stout stems. \$2.50 per 100.

NEW CHRYSANTHEMUMS FOR 1902.

(Originators' Descriptions.)

From Nathan Smith & Sons.

CONVENTION HALL.

(The Queen x Merza.)

Closely resembles the Queen in stem, foliage and form, but is without the objectional eye. Color, white, of an exceedingly pure tone. Very broad center petals, incurving closely; tubular ray florets. Height, 4 ft.; 2nd crown or terminal, maturing Nov. 5th. Winner of the \$200.00 prize for best seedling at Kansas City. 60c each; \$50.00 per 100.

EDGAR SANDERS.

(Hicks Arnold x Nyanza.)

This variety will hereafter occupy a prominent place on the exhibition table on account of its large size, artistic form and peculiar color. Dark bronze, with broad incurving petals showing the reverse only. Received first prize as best bronze at Kansas City. Height, 4½ ft.; size, 7½ inches; cut, Nov. 10th. Terminal bud. 50c each; \$40.00 per 100.

POLAR QUEEN.

(Nagoya x Yellow Mrs. Jones.)

An exceedingly graceful flower. Outer petals reflexing, center ones irregularly incurving, thus making a flower of great depth. Height, 3 feet. Ideal stem and foliage. Best from terminal buds taken after Oct. 1st, which will mature Nov. 20th to 30th. First in the class of white seedlings at Kansas City. C. S. A. Certificate. 50c each; \$40.00 per 100.

OPAH.

(Lady Fitzwigram x Marquise de Montemort.)

This is the variety so strongly endorsed by the Cincinnati and Chicago committees of the C. S. A.; one recommends for florists planting, and the other considers it superior to either Mme. Bergman or Lady Fitzwigram. A large flower intermediate between its parents in form; white, slightly suffused with pink. The late buds show a decided pink coloring and the early ones produce nearly white flowers; 3½ feet high. Second crown buds taken Aug. 15th were cut Oct. 4th; 6 inches in diameter. Much easier to manage than Lady Fitzwigram. C. S. A. Certificate. 50c each; \$40.00 per 100.

ORESCO.

(Superba x Yellow Jones.)

Resembles Mrs. Jones in foliage, habit and form. Decidedly distinct in color, first opening a beautiful apricot, shaded rose; when fully developed, a pleasing shade of crushed strawberry color. Height, 3 ft. Cut, Nov. 5th. C. S. A. Certificate. 50c each; \$40.00 per 100.

LAST YEAR'S INTRODUCTIONS.

Timothy Eaton—An enormous, globular Japanese incurved variety of perfect form and growth. In season Nov 15th. Height, 4 feet. Purest white, a seedling of Miss Minnie Wanamaker. This has surely met with unparalleled success as an exhibition and fancy market variety and seems to be the height of perfection in form, stem, size and foliage. Has received first award in every show in which it was staged this season and will be planted in quantity for another season. \$8.00 per 100.

CANNAS.

CANNAS OF RECENT INTRODUCTION.

West Grove—Bright coral pink, overlaid with glistening orange scarlet; petals finely dotted and lined with deep crimson. Grows 4 to 4½ feet high, stands rain and heat well and is one of the most showy of all pink Cannas. \$2.00 per doz.

Gloriosa—A dwarf, compact grower, grand for borders and edging. Center of petals dark rich crimson, widely bordered bright golden yellow. A free continuous bloomer. \$8.00 per 100.

Rosemawr—Bright rosy pink, mottled with rose and shaded yellow at the throat. Trusses of bloom extra large, flowers made up of large, well-rounded petals. Grows about 3 feet. \$8.00 per 100.

Martha Washington—We consider this one of the best pink Cannas ever introduced. Flowers are extra large, often reaching 5 inches in diameter, made up of 5 broad petals. Plant grows about 3 ft. high and makes good sized clumps giving quantities of eyes for dividing. \$6.00 per 100.

Col. D. Appleton—A large, deep golden yellow Japanese incurved flower, that has come to displace Bonnaffon as a show yellow. A very easy grower with excellent stem and foliage up to the flower. Has been the winning yellow at all exhibitions the past season, and is certain of remaining as one of the grandest commercial varieties. \$8.00 per 100.

Malcolm Lamond—"A red that does not burn." It is exactly the color of Fisher's Torch, but is much fuller, having three times as many petals. Beautiful velvety crimson. The easiest of its color to grow, and brings out no imperfect flowers. With Black Hawk and G. W. Childs in the same bench showing burnt petals, this variety showed not one injured spot. \$5.00 per 100.

Omega—A second early yellow, the same shade as Mrs. J. J. Glassner; 7½ inches in diameter. Belongs to the V. Morel type, but has broader petals. In perfection October 25th. Certified by C. S. A. \$6.00 per 100.

Mrs. Elmer D. Smith—A Jap. Inc., of the most perfect form; full, double, high rounded center. Bright yellow, deeper than Golden Wedding. Stem and foliage perfect; scant 3 feet high. This variety will rival Maj. Bonnaffon, being brighter in color, more dwarf, very similar in form, with much heavier and stronger stem. In season November 1st to 10th. \$6.00 per 100.

MARTHA WASHINGTON.

Pennsylvania—A new American Hybrid "Orchid Flowered" Canna. A monster flowered pure deep scarlet colored, made into good sized trusses of bloom. Strong grower, making enormous clumps and throwing up broad deep green leaves. Beautiful both for flower and foliage. \$3.00 per doz.

Mrs. Kate Gray—One of the largest flowered Cannas ever introduced. The result of a cross between Italia and Mad. Crozy. Flower is round and full, of a clear wine color, suffused with gold, and larger than either Austria or Italia. The flowers have a great deal of substance and are very showy and effective. \$15.00 per 100.

GRAND FOLIAGE CANNA.

Black Beauty—A grand variety with beautiful foliage as highly colored as a Dracena. A deep bronzy-wine red, almost black. No other plant we know equals it in color of foliage; one of the finest plants for centers of groups or amongst shrubbery where a tall growth is required. 5 to 6 feet. \$12.00 per 100.

GERANIUMS.**A List of Doubles Recently Introduced.**

Bertha de Presily—Flowers nicely formed, semi-double, of a beautiful shade of silvery rose. One of the most free and continuous bloomers, the flowers of a well grown plant completely covering the foliage. Its coloring is delicate, yet stands sun or storm without fading, making it valuable as a bedder. \$1.00 per doz.

Champ de Nieve—Flowers purest white; not a trace of color at the center. Plant dwarf and bushy, always a perfect mass of white. A splendid addition to the small list of white Geraniums. \$1.50 per doz.

David d'Angers—Light rose delicately mottled carmine. Flowers of good size with rounded petals opening out into a broad, flat flower. \$1.50 per doz.

Eugene Delacroix—A grand tall-growing double scarlet. Individual flower 1½ to 2 inches in diameter, made up into round and compact trusses of bloom. \$1.50 per doz.

Fiancee—A double white, exceeding all others in size of flower. The individual floret is broad and waxy white, made into round solid trusses that stand well out from the foliage. \$1.50 per doz.

M. Paul Blondeau—One of the most showy and attractive doubles. Flower trusses are immense in size, held up by stout foot-stalks. Color, most brilliant clear rose with white eye, a shade at once very beautiful and valuable to the Geranium grower. \$1.50 per doz.

Roty—Flowers semi-double, large and perfectly formed, of a peculiar shade of brilliant China rose. A great addition to the list of double Geraniums. \$1.50 per doz.

SELECT LIST OF BRUANT TYPE.

Fleur de Roze—Individual floret measures two inches and over across, made up into monstrous trusses on thick, stout stems. Color, bright glowing pink, with broad center of pure white. Semi-double. A grand bedding variety, one of the most handsome and valuable of its class. \$2.00 per doz.

Marquis de Castelaïne—A giant among red Geraniums; flowers averaging 2½ inches in diameter. Trusses of bloom 5 to 7 inches across. Stands sun and storm without injury and is a free, continuous bloomer. Color vivid rosy scarlet, shading into pure scarlet at the edge of upper petals. We consider it one of the grandest red Geraniums ever introduced; bound to become the most popular for bedding or market plants. \$6.00 per 100.

Jean Madeline—An excellent grower; plant is strong and vigorous, yet shapely, and its flowers are produced on stems long enough to carry them well above the foliage. Flowers large, semi-double, of a beautiful transparent pink shade. \$1.25 per doz.

Clyde—A sport from the well known Geranium Mrs. E. G. Hill. Like its parent in every way except that its color is a soft even shade of pure scarlet. Individual floret perfectly round in form and 2½ inches in diameter. \$1.00 per doz.

THE GRANDEST PINK BRUANT.

Jean Viaud—One of the most important plant introductions of recent years. It is a monstrous flowered clear pink, white-eyed Geranium of the Bruant or "sun-proof" type, and is of such vigorous, rapid habit of growth as to make it one of the most valuable bedders. Its florets often exceed 2½ inches in diameter and are nicely rounded and just double enough to be shapely. Of robust constitution, growing and blooming under any condition of soil or atmosphere. The equal if not the superior of any bedding Geranium now in cultivation. \$5.00 per 100.

JEAN VIAUD.

THE MAMMOTH FLOWERED DOUBLE AUREOLE.

Vera Vend—A large flowered double, entirely different from any other Geranium, and is one of the oddest and most interesting. The border of petals is deep rosy orange with large center striped white and delicately marbled red and orange. A strong grower and continuous bloomer. \$5.00 per 100.

GENERAL COLLECTION OF BRUANT GERANIUMS.

Alphonse Ricard—Bright vermilion scarlet; fine large truss.

Beaute Poitevine—Very large, semi-double, bright salmon.

Baron de Scalibert—Large salmon-flesh with white center; petals slightly veined red.

Bellerophone—An excellent bedder. A single scarlet with large, round florets, combined into immense trusses held high above the foliage. One of the most attractive in our collection. \$5.00 per 100.

Countess de Chantemarle—Plant a low compact grower; foliage small and heavily notched. Flowers an exquisite salmon tint, upper petals dotted white. A novelty of first order. \$5.00 per 100.

Hubert Le More—Flowers large rosy pink, with white eye. Single flowered.

Heteranthe—Bright scarlet, one of the best. \$3.00 per 100.

Hector—Large trusses of bright scarlet, semi-double flowers.

J. J. Harrison—One of the most brilliant of all the Bruant race. Rich scarlet.

John Doyle—Is now accepted as the standard of excellence of scarlet bedding Geraniums. Semi-double, bright vermilion scarlet. One of the most satisfactory in our list.

Le Colosse—Monstrous sized trusses of wavy petaled flowers; semi-double. Remarkably strong grower and free bloomer.

Louis Francis—Bright rosy salmon. Foliage and growth fine; styled by many an improved Beaute Poitevine.

Mad. Landry—Semi-double. Rich salmon, shaded orange.

Mad. Jaulin—Semi-double. Tender pink surrounded by border of white.

Mrs. E. G. Hill—A pleasing shade of salmon, shaded lighter at center.

Mad. Chas. Molin—Clear, bright salmon, white eye.

Thos. Meehan—Semi-double bright magenta, with distinctly fluted petals.

Unless noted, \$4.00 per 100.

"AUREOLE GERANIUMS."

Single-Flowered.

Mad. Bruant—Still one of the most showy varieties. Center of flower is white, veined carmine lake, each petal regularly and distinctly bordered bright solferino. \$3.00 per 100.

Mad. Taconet—A most delicately shaded variety. The lower petals are pure white with border of rosy carmine, while the upper petals are nicely bordered and splashed rosy lilac. \$3.00 per 100.

Thesee—One of the most free flowering. Growth dwarf and compact. Edge of flower is rosy crimson, shading away to white at center. \$3.00 per 100.

GENERAL COLLECTION OF DOUBLE GERANIUMS.

Annibal—Purplish crimson, upper petals marked orange.

B. K. Bliss—Brilliant scarlet.

Countess de Castris—Bright soft rose.

Caesar—Large trusses. Color, rich red solferino very brilliant and effective. Good, clean dwarf habit. Profuse bloomer.

Farandole—Flowers semi-double, bright rose with pure white center. A beautiful and distinct variety. \$4.00 per 100.

Francis Perkins—In our estimation one of the finest pink bedding Geraniums. Flowers bright pink with distinct white eye, produced in immense umbels. Extra strong vigorous grower.

Gaston Mery—Bright carmine rose; a distinct variety.

Gloire de France—Salmon white, with distinct salmon red center.

James Vick—Deep flesh, dark salmon shadings.

Kleber—Large trusses, borne rigidly erect in great profusion. Dark aniline-violet, rich and striking. \$4.00 per 100.

La France—A fine white variety of low and bushy growth. \$5.00 per 100.

La Favorite—Pure white; best white bedder.

Mad. Jouis—Flesh white, deep salmon center.

Mad. Barney—Bright clear rose, fine large full flower.

Mad. de la Rue—Soft orange scarlet.

Marvel—Rich crimson scarlet; extra fine bedder.

Mad. Debouche—Rose, shading to light pink.

M. Canovas—Immense trusses of brilliant scarlet flowers, with velvet maroon shadings, on long stiff stems.

M. G. Merand—An excellent grower and profuse bloomer; color, reddish violet, shading to a center of light scarlet.

M. Jules Dispot—Rich violet crimson, center lilac. Blooms continually with good sized flowers.

Richelieu—No Geranium in our list is more attractive. Individual flowers are of good size, borne in close round trusses. Color, bright cherry scarlet. \$4.00 per 100.

S. A. Nutt—Rich dark crimson of perfect shape and large size; an excellent bedder.

Unless noted, \$3.00 per 100.

SINGLE FLOWERED.

Athlete—Brilliant scarlet, extra large. \$4.00 per 100.

De La Vigne—One of the brightest colored Geraniums; bright velvety red, shaded orange scarlet, distinctly veined maroon. Very strong and vigorous habit of growth, and stands sun and storm remarkably well. \$1.00 per doz.

Gen. Grant—Bright fiery scarlet.

Granville—The finest of all the single pinks for bedding. \$4.00 per 100.

Lady Renals—Rosy scarlet with clear white eye.

L'Aube—Pure white, in large trusses.

Mrs. J. M. Garr—Standard white bedding variety.

Mad. Heine—Deep rose, white eye.

Madonna—A soft shade of pale pink florets, large, arranged in handsome showy trusses.

Queen of the West—One of the best bedding Geraniums in the list of singles. Light orange scarlet. Unless noted, \$3.00 per 100.

Our selection of varieties, all named, \$27.50 per 1000.

IVY LEAVED GERANIUM, "LEOPARD."

The most distinct introduction in the ivy leaved section. There is positively nothing approaching its novel coloring. The flower is large, semi-double, and borne in medium size trusses, as rich and distinct as many rare Orchids. Ground color is clear lilac pink, the upper petals being heavily blotched with deep crimson and usually marked with distinct maroon spots. Habit of growth is vigorous and it blooms almost continuously; as easily grown as a common ivy leaved Geranium. \$2.00 per doz.

DOUBLE FLOWERED IVY LEAVED.

August Hardy, Centenaire, Eden Marchi, Gen. Championnet, Henri Litolf, Jeanne d'Arc, La Foudre, P. Crozy and Souv. de Chas. Turner. \$3.00 per 100.

ROSES.

New Tea Rose "Ivory"—A white sport from Golden Gate. Like Golden Gate, this variety promises to be a "good doer" in winter, summer, fall or spring. Received first prize at American Rose Society meeting in March, 1901, as best white and also for 50 best Roses other than American Beauty. Also received gold medal at Kansas City November 21, 1901, and silver medal at Pan-American Exposition in June, 1901. The sale of this Rose promises to be enormous. We are now booking orders for April first delivery. 2½-inch pot plants, \$15.00 per 100; \$125.00 per 1,000; 250 at thousand rate.

Balduin (Hybrid Tea)—A very soft intense carmine crimson, with deeper shades in the depths of the petals, resembling American Beauty somewhat in color. Its freedom of bloom is truly marvelous, every shoot producing a flower. Equally valuable for forcing or bedding. \$6.00 per 100.

Golden Gate—A perfect forcing Rose, good at any season of the year. One of the easiest to manage. Buds long and pointed, opening out into a splendidly formed flower of creamy white, delicately tinged golden yellow and rose. \$3.00 per 100.

Gruss an Teplitz—Dark rich crimson, changing to bright scarlet, shaded velvety fiery red. Makes a fine market pot plant. \$4.00 per 100.

Mamam Cochet—No pink Rose has made as many friends as a summer Rose as Mamam Cochet. Its buds are beautifully pointed and of an exquisite shade of deep pink. \$3.00 per 100.

White Mamam Cochet—One of the best white bedding Roses, similar in every respect but color to Mamam Cochet and may be grown and flowered just as easily. Flowers good sized and the purest white. \$4.00 per 100.

Queen's Scarlet—Still one of the best Roses for bedding and market plants. Nothing more showy than a bed of this with its brilliant red flowers. One of the hardiest everblooming Roses. \$3.00 per 100.

BALDUIN.

Clotilde Soupert—A grand little Rose for bedding or pot sales. Used largely for cemetery planting. Flowers delicately tinted flesh white. One of the most persistent bloomers and strongest growing of the Polyantha class. \$3.00 per 100.

Pink Soupert—A Rose that is coming to the front as a pink bedding and pot plant Rose. Flowers as freely as Clotilde Soupert, is easily grown and flowers are of a good size and a beautiful shade of bright pink. Is displacing Hermosa for blooming in pots and is equally as valuable for bedding. \$3.00 per 100.

Bridesmaid—The standard pink forcer. Nothing yet introduced to equal it. \$3.00 per 100.

☛ TWO NEW HYBRIDS OF WICHURIANA.

Debutante—Of the many seedlings of Wichuriana introduced recently, this one promises to be one of the finest. It blooms freely under all conditions and makes one of the finest pillar Roses imaginable. Flowers are quite double, pure white, borne in clusters. Very showy. Perfectly hardy, resembling its parent, Wichuriana, in this respect, but far surpassing it in freedom of bloom and form of flower. \$10.00 per 100.

Sweetheart—Resembles its parent, *Wichuriana*, both in foliage and hardness of constitution, but flowers are a beautiful shade of rosy pink, produced very freely, and has a much longer season of bloom. Both this variety and *Debutante* may be used as pot Roses, allowed to trail over rockeries or terraces or trained to climb over trellises and pillars. \$10.00 per 100.
